WORK EXPERIENCE

No work experience as a web developer.
currently searching for a home to grow in.

About me:

▫ Innovative, creative and enthusiastic. great willingness and ambition to learn new skills and technologies. hard worker who never gets tired. during my stay in Seattle i began to be fascinated by web programming and the world of high tech. i started coding by self learning and courses, and i keep on studying by myself every day. currently looking for my first job as a front end devloper.
